

About JOAAG

The Journal of Administration & Governance (JOAAG) is a fully refereed bi-annual online journal dedicated to publish significant, interesting, and timely articles, both conceptual and empirical, on issues concerning public administration and governance. It is the official journal of the Network of Asia Pacific Schools and Institutes of Public Administration and Governance (NAPSIPAG).

The decision of publishing this journal was taken unanimously in the second steering committee meeting of NAPSIPAG held at Monash University in June 2006. The committee also elected an editorial board and a journal advisory committee. The aim was to initially produce a quality e-journal as an official NAPSIPAG publication with an intention to launch its first issue during the NAPSIPAG annual conference in December 2006. It was also decided to produce the journal in hard copies in due course.
